

Your benefits process simplified.

Mylo Benefits streamlines benefits administration

Benefits enrollment and administration doesn't have to be difficult or expensive. Not when you partner with Mylo Benefits. Our benefits technology maximizes the value of your investment—benefiting you and your organization. Featuring an efficient enrollment platform at a very competitive cost, our web-based benefits solution is powered by Empyrean which is built upon advanced software and technology. The result is a streamlined enrollment process for employees and an automated benefits reporting system for HR professionals.

Advanced technology is just one advantage of working with Mylo Benefits. You also get:

- Dedicated implementation and account management teams
- Ability to configure complex plans
- Highly automated, best-in-class benefits administration system
- Data integrity and quality assurance
- Pricing and implementation costs are significantly discounted from “the market”
- Licensed life and health customer care center agents
- Best-in-class voluntary products and providers, with leveraged price, product design and system integration
- Oversight for annual renewal/Open Enrollment configuration
- Effective, customized communications
- Resources for non-benefits eligible population
- Transition services for terminating and retiring employees
